

## High levels of income and stability: EOS Holding again with A rating

*Hamburg, 21.08.2013* – EOS Holding GmbH, headquartered in Hamburg, Germany for the ninth time in a row was given an A rating. The auditors of Euler Hermes Rating Deutschland GmbH thus rate the solvency and future viability of EOS as very good. For the coming twelve months the auditors noted a stable ratings outlook.

The auditors praise the extensive experience of the EOS Group in the valuation, acquisition and recovery of non-performing loans. They also highlight the strong market position of EOS in Germany and the systematic expansion of its international market position, especially in Western and Eastern Europe.

Euler Hermes also positively noted the very high income levels and real stability of the cash flows generated over several years. In addition, the many years of experience in receivables acquisition was underlined as a core strength.

“The EOS Group has a broad international footprint. We are able to offset difficult market phases in one country by successful developments in others,” says Justus Hecking-Veltman, Managing Director of the EOS Group and responsible for Finance and IT. “The renewed A rating underscores the validity of this strategy.”

### The EOS Group

The EOS Group is one of the leading international providers of customized financial services. Its core business is receivables management. With its workforce of more than 9,500, EOS provides security through customized services for its approximately 20,000 customers in over 25 countries worldwide through 50 subsidiaries.
